KNC SERVICES COMPANY OVERVIEW

KNC Services was founded in 2014, a very young company working in the Jewellery exhibitions business, be it B2B or B2C. KNC Services has achieved a lot of accolades for their exemplary contribution to the trade domestically as well as internationally. KNC Services also takes pride in opening new markets, far fetched ones by launching shows from the scratch. The deep understanding of the market needs and pulse of buyers & sellers has made each and every show a grand success. They are instrumental in launching new shows and reviving some existing ones as well. All the B2B shows are visited by a large contingent of international buyers year on year which is commendable. KNC Services has presence in key markets like Kolkata, Kerala and Odisha through their B2B Jewellery shows.

KNC Services will complete the 360° approach towards the jewellery trade by launching an independent, biggest show in the world dedicated to the machinery & allied products /services, JMA-IIE which will take place at NESCO Exhibition Centre, Mumbai from 24th to 27th February 2022. This show will not only have participation from across the country and from key markets like USA, UK, Germany, Italy, Turkey and Hong Kong but also visitors will grace the show. JMA-IIE is poised to be the largest sourcing hub.
